SPIERING VACATES HICKORY CORNERS METHODIST CHURCH

65 Parishioners Pledge
to Attend Revival
Meeting

HEIRS ISSUE STATEMENT

With Clarence Spiering and his family definitely removed from the Hickory Corners Methodist church, members of the parish are planning to hold a chicken dinner as an introduction to a religious revival as soon as the parish is reorganized and the church in condition. Sixty-five members have been pledged to attend.

After "squinting" in the church for about five months, Spiering was forced to vacate Tuesday, when Attorney G. Snyder and Deputy Sheriff John Froelich, armed with a writ of restitution, appeared on the scene and demanded the keys to the church.

Spiering, realizing that further opposition was useless, meekly surrendered, and moved his family to a barn just across the road.

Files Suit of \$10,000.
Spiering apparently believed that he still had a chance on Saturday, when he filed suit for \$10,000 damages against Frank Edwards, Emmett King and Harry Tillotson, church trustees, because of actions taken during the summer by the trustees to oust Spiering from the church.

Judge Ralph Dady Monday decreed that Spiering must vacate the church and relinquish the keys, as he had failed to post bond Friday to cover the appeal of the case to a higher court. Spiering was ordered by Dady to vacate the church when action was brought against him in a forcible entry and detainer suit.

Heirs Issue Statement.
A statement concerning the changes of ownership of the Ames estate, in relation to the Hickory church, was issued by the heirs Saturday. This statement supports the decision of Justice Regan made several months ago, when he ruled that Spiering had no right to the church.

"Chester Chandler Ames and his wife bought this farm of 80 acres at Hickory Corners from the government in 1838. In later years Ames deeded the farm to his young son, Benjamin Willard, and his wife, Hannah, who spent most of their lives there. They had six children, four of whom are living.

"These four are Mrs. Abbie Hollenbeck of Hickory Corners, Benjamin W. Ames of Decatur, Mrs. Minnie Edwards of Rosecrans and Mrs. Luella Grant of Edison Park.

Church Site Donated in 1890.
"In 1890 Benjamin Willard Ames and his wife deeded a corner, 8 rods square, of their farm for a new church site to the trustees of the Hickory Methodist Episcopal church and their successors, until they should disband. When no longer used for church purposes it was to revert to the heirs of the original owner of the farm. This deed was given for a consideration of \$10 and was recorded at the Lake county court house in Waukegan."

The remainder of the farm, the statement continues, was deeded in 1902 to the junior Benjamin W. Ames who later traded it to Louis Volgt of Chicago, who in turn traded it to Eljor Olsen.

On January, 1928, Clarence H. Spiering and wife traded Chicago property for the Ames farm, the heirs say, and his home burned on February 15, 1931, and he and his family moved into the church on February 26, 1931.

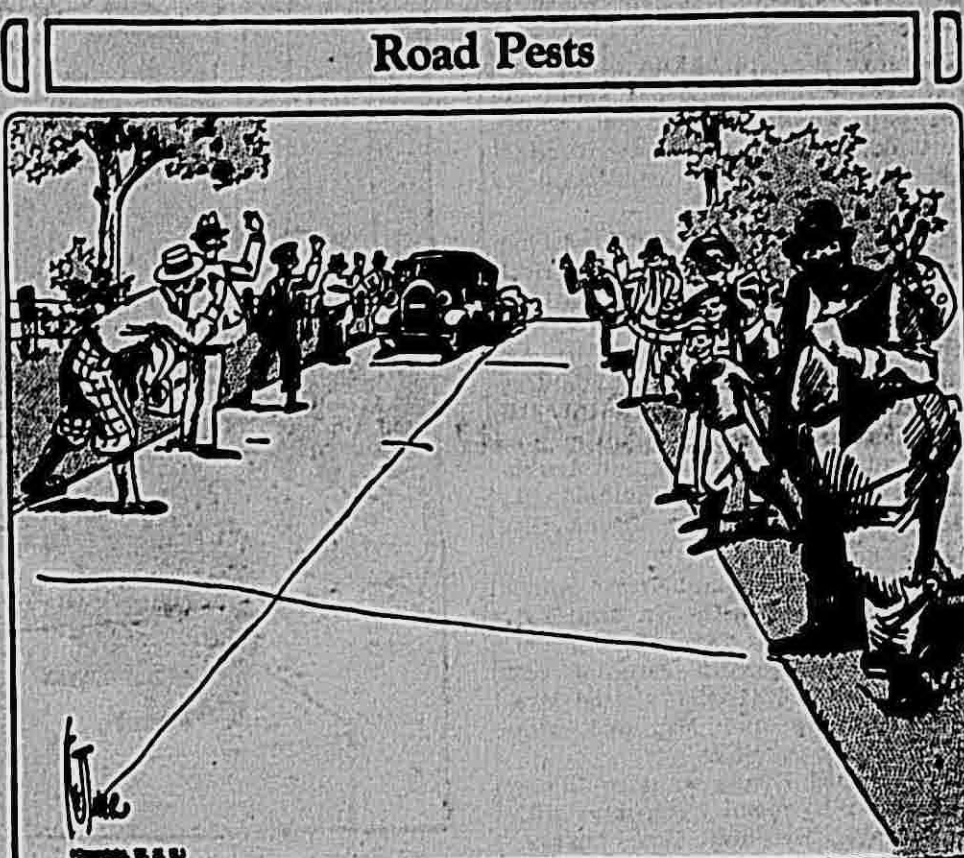

DYNAMITE BRINGS BODY TO SURFACE ON GRAYSLAKE

The body of Harold Mueller, 18, Chicago youth who was drowned in Grayslake Sunday, was observed floating on the surface of the water Thursday morning after ten half-pound charges of dynamite had been exploded by Marshal Chard of Grayslake and his assistants the night before.

A verdict of accidental drowning was returned by the coroner's jury. Mueller's death occurred when he lost his hold upon the end of a boat as it was being rowed across the lake by his companions. He sank immediately not knowing how to swim, and failed to reappear on the surface. His companions were unable to locate him, and notified authorities who began the search.

Hold Street Services Every Saturday Night

Religious services for any who care to attend are held on the bank corner at the intersection of Main and Lake streets every Saturday evening.

SHERIFF SEEKS ANTIOCH BIGAMIST

Thomas G. Rhodes Flees
When Warrant
Appears

PHONE CALLS REVEAL DOUBLE LIFE

Lake county deputy sheriffs today continued their search for Thomas G. Rhodes Jr., who is charged with bigamy in a warrant issued Monday by Justice Henry Wallenwein. Rhodes, well known Antioch man and erstwhile manager of his father's local store disappeared simultaneously with the issuing of the warrant.

Numerous absences from his home, unreasonable demands for money from the elder Rhodes, and mysterious phone calls from Chicago aroused the suspicions of Mrs. Rhodes No. 1, which were confirmed when the second wife came to Antioch.

Rhodes was married to his Antioch wife some four years ago. He is alleged to have entered into his second matrimonial venture last January without the formality of obtaining a divorce from his first wife. After having obtained money from his father on the pretext that he was going to the Mayo clinic, Rhodes, it is alleged, indulged in a second honeymoon trip with a Chicago widow, mother of four children.

Revelations following the visit of the second Mrs. Rhodes led to quick action in the issuing of the warrant and the disappearance of the man who had one too many wives.

About ten days ago, Rhodes disappeared, taking with him his father's car and a sum of money, and was absent for several days. It was upon his return here that events happened leading to the disclosure.

Begin Work on Premium Catalog for Antioch Fair

\$1,600 in Cash Premiums to
Be Awarded at Second
Annual Event

Work on the premium catalog for the Antioch Country Fair, to be held October 8, 9 and 10, has been started this week and, according to the secretary, C. L. Kuti, the book will be available to exhibitors soon.

In all, approximately \$1,600 in cash premiums will be offered in eight different departments—poultry, farm produce, vegetables and fruits, flowers, pantry stores, domestic arts, fine arts, and education.

State Department to Exhibit.
The Illinois department of exhibits from Springfield will exhibit the work of the agricultural and industrial departments of the state in two large tents. These exhibits are changed from year to year and are very instructive to the people.

Better free attractions are being obtained. On account of the lower prices offered by show people this year better attractions can be offered for the same money.

All those who are interested in securing a catalog of the premiums offered should drop a card to C. L. Kuti, Secretary, Antioch, Illinois, and the premium list will go out as soon as it is ready. The Antioch Country Fair is open to any exhibitor in Lake county.

Loot Machine at Lake Villa of Cash and Watch

Thieves Ransack Car at
Cedar Lake While the
Owner Is Swimming

Automobile pickpockets boldly made a theft of \$163, a gold watch and chain and a railroad pass from the car of J. J. Murphy, Chicago, Sunday, while Murphy was swimming in Cedar lake.

The thieves forced open one of the doors, and looted a pocketbook containing \$45 in cash, a money order for \$18, and a check for \$100, which were in the pockets of the clothes which Murphy had left in the car. When he returned he found that his pocketbook as well as his watch and railroad ticket were missing.

A description of two men seen prowling about the car was given the sheriff's office by Mrs. W. Dahl, Lake Villa.

Antioch Town Team Evens Score With Pleasant Prairie

The Antioch Town team slipped one over on the confident Pleasant Prairie outfit, Sunday, with a 17-13 victory, thus revenging a previous defeat.

Antioch took a 2-run lead in the first inning, which they retained throughout the game. Breusch, Pleasant Prairie pitcher, failed to worry the boys Sunday although at the first game at Pleasant Prairie some time ago, he held Antioch to three scratch hits.

The batting of the locals showed much improvement, while Cusack, with three great one-handed stops, improved the fielding record. Hughes Murrie, Cusack, Shunneson, and Van Patten were high scorers for Antioch, while Edwards and Som were Pleasant Prairie's chief runners.

TO HOLD KAMIN HEARING FRIDAY

A preliminary hearing Friday will be given Frank Kamin, of Silver Lake, Wis., arrested on a charge of being an accomplice to the \$6,000 robbery of the Melnhardt State bank at Burlington eleven weeks ago.

Kamin, who was captured in a Twin Lake cottage with Reinhold Fleuker, another suspect, was suffering from several bullet wounds believed to have been shot from Officer Schenning's gun into the rear of an escaping car at the time of the robbery. Since that time, he has been recovering in the Kenosha hospital and Racine county jail.

MRS. MATILDA WILLIAMS DIES

Antioch Resident for Half
a Century Follows Her
Husband to Grave

Mrs. Matilda Williams, 82, passed away at her home early yesterday morning, following her husband to the grave less than eleven weeks after his death.

Mrs. Williams has not been well since the death of her husband E. B. Williams, last May. Although she has been gradually failing, it was not until about ten days ago that her condition became critical.

Services will be held at the residence tomorrow afternoon at 2 p. m. with the Reverend Rex Simms and the Reverend Philip Bohl officiating. Interment will be in Hillside cemetery.

Matilda Caroline Williams was born in Ann Arbor, Mich., May 20, 1849. She was united in marriage to Chas. F. Wilson in October, 1866, and one child, Wilbur Reese Wilson, was born of this union.

Lived Here Half a Century.

Later she moved to Chicago where she was married to Edgar B. Williams in 1872. To this union two children, Lella and Nina, were born, the latter of whom died in infancy.

After a few years she moved to Antioch, where Mr. Williams founded the Williams Brothers grocery business with his brother, Daniel. About fifty years of her life have been spent in this vicinity.

Surviving her are two children, W. R. Williams and Mrs. C. K. Anderson, one granddaughter and two great-grandchildren.

Whitney Named Receiver Of Waukegan Bank

Attorney Takes Charge of
Liquidation of State
Bank

Fred Brown Whitney, of Waukegan, appointed Tuesday as receiver of the Waukegan State bank by State Auditor Oscar Nelson, today conferred with accountants from the auditor's office to ascertain the status of the bank's assets before starting the task of liquidation.

According to a preliminary report given out by Nelson, the assets of the bank including notes, mortgages, and building, total \$2,514,000 with liabilities at \$2,187,000. However, the actual value today of the assets cannot be determined until they are liquidated and the amount paid to depositors is determined by the amount the assets bring in.

Whitney Choice Approved.

The appointment of Whitney as receiver has met with approval of depositors. It is said, and interested persons also endorse Auditor Nelson's selection of Decker & Decker as attorney for the receiver.

Whitney is the son of the late Charles Whitney, circuit judge until his death 15 years ago when he was succeeded by Judge Claire C. Edwards. When a young man Whitney published a newspaper in Waukegan, but later removed to Washington, D. C., where he maintained a law office for several years. Returning to Waukegan, he has been a resident of the county seat city for the past five years.

Illinois Boasts of Fine Peach Crop

It is estimated that 6,000 carloads of Illinois peaches, comprising one of the best crops as to quality, texture and taste, ever grown in southern Illinois, will be on the market between August 12 and 15. Plans are being made for an intensive drive to popularize this year's excellent crop, dairy companies are being asked to advertise Illinois peaches to be eaten with cream, and the women's clubs throughout the state are to stress the Illinois peach as to flavor, size and texture for canning and desserts.

Highway Superintendent Should Furnish Estimates, Attorney General Rules

According to an opinion handed down by Attorney General Oscar E. Carstrom, it is the duty of the county highway superintendent to prepare plans, specifications, and make estimates for road work to be paid for with gasoline taxes, if he is qualified as an engineer and it is physically possible for him to do so. If the superintendent is not so qualified or it is a physical impossibility for him to do the work he should procure a competent engineer and the county should pay him.

MASEK ROUTS 3 BANDITS AT HIS FILLING STATION

An attempt of three armed bandits to hold up the filling station of Thomas Masek, north of Antioch, Sunday night was foiled when Masek routed them with a gas pump crank.

The bandits drove up to the filling station and, covering Masek with a gun, ordered him to back into the filling station, with his hands up, and to turn over the cash.

Masek quietly did as he was told until he reached the doorway, when he whirled, grabbed a gas pump crank and hurled it at the heads of the astounded rick-up men.

The would-be bandits turned and fled, with Masek charging after them.

Three suspects, arrested in Libertyville while attempting to take gasoline, were released on charges of disorderly conduct, after Masek and others failed to identify them.

HOLD SERVICES FOR LAKE VILLA WOMAN

Mrs. John K. Cribb Leaves
Many Relatives and
Friends Here

Funeral services for Mrs. John J. Cribb, of Lake Villa, were held at the Lake Villa Community church Saturday, the Reverend Mr. Alsapugh officiating. Interment is in the Lake Villa cemetery.

She passed away at the chiropractor's hospital at Prairie du Chien, Wis., last Thursday, after an illness of four months. Her death was due to acute broncho-pneumonia, following a third stroke. She had been in the Victory Memorial hospital for three weeks, and in the Prairie du Chien hospital for the past seven weeks.

Mabel Hamlin was born at Hainesville, Ill., September 1, 1881. When a small child she moved with her parents to Lake Villa where she lived until her death.

She was united in marriage to John K. Cribb on February 24, 1904, at Lake Villa.

She was a member of the Cedar Lake camp of Royal Neighbors, No. 460, for thirty-two years, having joined at the age of 18. She served as recorder for eleven years.

She is survived by her husband, four sons—Benjamin J. and Harold, of Waukegan, Frank and John; a daughter—Jean; three brothers—Charles, Fred and Frank; one sister—Nellie; and her aged father, Benjamin Hamlin, of Lake Villa.

Mrs. Cribb was a member of the Lake Villa Community church, having joined with her entire family last year. Lake Villa residents feel that they have lost one of their most cheerful and sympathetic friends.

Boy Dies After Diving on Rocks In Sand Lake

Youth Is Killed When Truck
Hits Him as He Steps
from Stalled Car

Summer vacationing for Richard McCoy, 13, of Chicago, ended Saturday, when he died at the St. Theresa's hospital from injuries received when he dived onto rocks at Sand lake, several hours before.

The boy had been spending a vacation at the Brooks' cottage. With several companions, he decided to go swimming. Diving into the lake, he landed on a mass of rocks. His body was badly bruised, and he suffered fatal internal injuries.

Killed Near Wauconda.

Damian Amore, 20, Chicago, died in the Libertyville hospital Sunday night two hours after he had been run over by a truck on the Rand road near Wauconda, when his car had stalled.

He and five companions were driving along about 10 miles southeast of Wauconda when the car suddenly stalled. As Amore was stepping out of the car, a 16-ton truck operated by George Jackson, of Lake Zurich, hit the car and ran over the youth before the truck could be stopped.

Several other accidents occurred in Lake county over the week-end, but none of them proved fatal to the injured.

Radio and Airplane to Assist in Future Hunts for Fugitives

The radio and the airplane are to assist officials of the Illinois state penitentiary in future hunts for escaped prisoners. According to arrangements made, the airport will be notified of a break by telephone, and searching planes will land in front of the new prison. Officials will provide pilots with descriptions and if a prisoner is sighted from the air, ground parties will be notified by smoke bombs effective for 15 minutes after they are dropped.

SEIZE 18 SLOT MACHINES IN LAKE DISTRICT RESORTS

Col. Smith's Men Continue
the Drive to Clean Up
Lake County

A determined effort on the part of State's Attorney A. V. Smith to rid the county of the influx of slot machines resulted in the confiscation of eighteen of these gambling devices before the week-end.

Resort owners had taken full advantage of Colonel Smith's illness during the past two weeks by installing these machines, mostly of the quarter variety. They were expecting to be untried, but when the word spread that deputies, acting on orders delivered from the sickbed, were raiding the resorts for machines, many voluntarily removed their machines.

Fourteen were taken Thursday night, ten at Fox lake and four at Deep lake. Harvey Mack, Manning's hotel, Kalakoshi's old Nippersink hotel, Bachelor's club and the Frolic all gave up one machine at Fox lake. Fred Elter, Fox lake, John Jackson and Fleming Johnson, Deep lake, gave up two, while three were found in the Fox lake restaurant.

Four machines were seized at the Jack O'Connor place on "the island" in Grass lake Friday night.

Judging from the activity of Smith's men during the past week the drive to clean up the county will continue until all the machines are banished, or seized.

CHICAGO MOTOR CLUB ASKS \$100 FINE FOR JUDGE

Claims Homewood Magistrate Refused Motorist
Change of Venue

Joseph Baum, general counsel for the Chicago Motor Club has filed a petition in the Cook county court demanding that Albert F. Webb, justice of the peace at Homewood be ordered to pay the sum of \$100 to a motorist to whom he refused to grant a change of venue. Under the law the action points out it is mandatory for magistrates to grant the change of venue and failure to do so is subject to the \$100 penalty.

The grand jury, which is conducting a probe of the alleged "speed traps" in Chicago suburban towns, issued an invitation to all motorists who had been mistreated or fined unjustly to appear at the session to make their complaints.

As the jurors continued their probe this week, it was reported that testimony of brutality similar to that practiced by "Indian Joe" Huser, former chief of police of Broadview, was given by witnesses. "Indian Joe" is now serving a one to fourteen year prison sentence at Joliet, growing out of his once profitable speed trap.

The probe, it is reported, is being extended to Lake county towns where it is alleged that certain justices are "enjoying" considerably more than their lawful share of motorist cases. Favorite judges who seem to have a monopoly on the business are looked upon with suspicion according to officials of the Chicago Motor Club, who have set about the task of cleaning up the traps in all of the metropolitan area. Extreme embarrassment awaits magistrates and justices found guilty of any irregularities, the motor club declares. It may be that traps are being set for the trappers.

Cermak Fails to Identify Bandits as Store Robbers

Although identification is not positive, James Carter and Leo Churchman are being held to the grand jury on bonds of \$5,000 for the robbery of the Cermak general store last week.

Cermak was unable to identify them as the robbers when they appeared in Justice Hoskin's court at Libertyville Friday, although Joseph Barnshaw, who captured the pair, declared earlier that Cermak had identified the two. Carter is said to be related to Mrs. Cermak.

However, as the two were armed and carried a satchel from the cash register of the store, Justice Hoskin held them over to the grand jury. At the time the capture was made, another bandit escaped.

WORK FOR PUBLIC SAFETY

Every state should officially inaugurate a "Save-a-Life" motor vehicle campaign this year.

Such campaigns have been tried in a number of eastern states with splendid results. Brakes, steering and lights are inspected and corrected, and the need for safe and sane driving is brought home to the motorist. It is the common experience that the accident rate declines during the campaign and the period following.

Only organized effort can make progress against the increasing danger of our highways. The incompetent and the reckless have become genuine menaces to the lives and property of all. The sad toll of deaths and injuries mounts day by day, in spite of modernization of traffic laws in many states.

We must, through rigorous examination, make sure that the driver is capable of safely operating a car. Then we must, through "Save-a-Life" campaigns or similar movements, make sure that the car he drives is mechanically safe. Thereafter the problem comes down to individual responsibility and understanding. Education must be unrelenting. The motorist, as an individual, must accept the responsibility that is his when he uses the public highways.

Automobiles cost more lives than wars. At a time when all the enlightened nations of the world are working for peace, it might likewise be well for them to concentrate on peacetime public safety.

CREATING LAWLESSNESS

Human nature—one of whose fundamental characteristics is the urge toward freedom—cannot be changed by legislation.

Age-old customs cannot be erased overnight by law. Here are truths that should be called to the attention of every lawmaker. An important reason for the prevalence of crime in America is that we have harassed the good citizen with a tremendous volume of hasty, unenforceable and ill-considered legislation. It will usually be found that law-abiding nations are those where the laws are designed to protect the rights of citizens, rather than to restrict them on the dubious theory that crime will thus be lessened.

We cannot curb lawlessness by merely passing more needlessly restrictive laws or break.

THE HITCH HIKING PROBLEM

(Editorial, Paris, Illinois, Beacon-News)

Unthinking motorists are adding to cities' social problems by encouraging the hitch hiker. The good-hearted motorist who responds to the "thumbing" of the nomad is incurring for himself the usual risks and at the same time increasing the unemployment problem.

Unfortunately most of the action taken toward solution of the problem has been directed against the hitch hiker rather than the motorist. Frederick W. Hinkle, president of the Travelers Aid society, recently said: "Encouraged by the possibility of free rides, girls and boys, and men and women, start out from home, in many instances without funds, to see the world and to have an extended vacation. After a few months of successful hitch hiking they are generally confirmed vagrants. . . . In time most of these nomads become burdens to every city in which they land."

Some cities have attacked the problem by restricting assistance of the unemployed by furnishing relief and employment to bonafide residents only. This removes the appeal of the city as a possibility for a job to the unemployed hitch hiker.

Other cities have made it a misdemeanor either to ask for or to give a ride inside the city limits. News stories telling of motorists being held liable for injuries received by free riders would tend to make the motorists less "big-hearted," it would seem.

But, if motorists can't see the advocacy of discouraging hitch hiking from a standpoint of self-interest, more state laws may be necessary. The hitch hikers apparently are impervious to warnings that it is better for them to remain in their home towns where they are known and the possibilities of receiving assistance and finding jobs are more favorable.

HOW TAXES ARE INCREASED

Muscle Shoals may be a time-worn topic to discuss but it is one of those political experiments that pile up the government overhead and create permanent, increased taxes for the people to pay. The more such experiments we have, the higher taxes go.

At Muscle Shoals, according to Edwin Gruhl of the North American Company, the government spent more than \$68,000,000 on two nitrate plants involving processes which are now obsolete. It spent \$56,000,000 for the Wilson dam which is capable of producing less than 100,000 horsepower under present conditions. To remedy this lack of capacity, it is now proposed to spend \$83,000,000 more for dams and improvements, bringing the total investment to \$207,000,000.

On the credit side of the Muscle Shoals ledger is an item of \$2,600,000, the total receipts of the government from the sale of power between September, 1925, and June, 1929. Against this must be charged direct operating expense of \$750,000. Thus the return to the government in the four years was less than \$2,000,000 on a direct investment of \$56,000,000—less than one per cent per year.

Think It Over

Taxpayers' Questions

Why should a property owner pay all these taxes and licenses on an automobile, a state tax, a road and bridge tax, a personal property tax, a gasoline tax, a tax to pay the interest and principal of bonds for public highways, special assessments for city pavements, insurance premiums so insurance companies may pay a tax, a public benefit tax for street intersections in special assessments, and then the "city dads" insist upon a donation of a \$5 wheel tax, regardless of whether the auto is a mechanic's small work car or an idler's big pleasure car?

When candidates promise to reduce taxes, why don't they reduce the \$5 wheel tax or put it on a horsepower basis like the state auto license fee?

Have all the public officials paid their \$5 wheel tax in each Lake county municipality?

How is it that a public official becomes color blind in handling taxpayers' money and cannot tell public money from his own?

How many old stars and guns have been turned in by former officials and holders of courtesy stars?

How do you think the North Jackson street property owners in Waukegan are enjoying paying \$10,000 for concrete paving they never saw nor got, but which they must pay for as "extras" during the current hard times?

What do taxpayers really think about officials who will keep in public employment a city engineer who "made a mistake" of \$10,000 at the expense of property owners who never got anything for the \$10,000 plus?

If a good chemist at a filtration plant can furnish the technical brains at a filtration plant why should taxpayers be obliged to pay double in the form of a superintendent technician, and why should the water rates be kept so high if the payroll can be reduced?

Have any officials been getting free water at the expense of other property owners who pay their honest bills?

If a property owner pays the cost of a street paving and a \$5 wheel tax, why should heavy carnival trucks parade the streets without a license and mess up a community generally?

How many factory heads are deputy sheriffs with free stars and guns at taxpayers' expense?

Why are taxpayers paying a public salary to an official who uses his time in trying to free a colored bootlegger?

If the factory officials work any of the following rackets—milk racket, vending machine racket, lunch room racket, teaming and trucking racket, and then try to horn into public affairs, should the taxpayers suffer them to hold public office and try to run the community?

Why so much running to Springfield by Lake county office holders, at \$50 per run, for taxpayers to pay during hard times?

How many Waukegan taxpayers would like to be paying a tax now for a Lake Shore drive, and how many thank their stars for the united efforts of the militant organized taxpayers in killing this scheme along with others which would have cost at least \$1,500,000 of taxpayers' money?

Should taxpayers be expected to pay the big salaries of a building commissioner, a city engineer, electrical inspector, plumbing inspector and what not, when there is little building or public improvements and the taxpayers are about broke personally and their banks are closed until further orders from where or whom?

What taxpayers, when they were youngsters, had a public official to show the community how to play, especially when many are actually starving because politicians have pulled a "bonehead" law that a township shall care for the poor at a time when such a township has no legal means of extracting the coin from the taxpayers' pockets?

If the property owners in one part of a community have no police protection and never see a patrolman and keep a dog for protection, why a dog tax, especially if the system really nets nothing much over the cost of collection?

Which taxpayers had the experience of a dog license collector frightening the wife and kids by threatening to shoot the dog if a dog license was not bought immediately, if not sooner?

Was the Farm Board system just a smoke screen to confuse the taxpayers and working people while Wall Street put over the Hoover, Hurley or whose, moratorium or incipient debt cancellation fraud on the American income taxpayers and those who provide them with profits for their income taxes?

LAKE COUNTY TAXPAYERS' NEWS

"And ye shall know the truth and the truth shall make you free"

LAKE COUNTY POOR RELIEF PUZZLE STILL HAUNTS COURT HOUSE

Special Session to Cure All "Bonehead" Ills May Be Asked

PRIVATE POOR-MASTER POSSIBLE

Conversations and consternation are reported to be ruling at the court house and among the supervisors on account of the mess created by the "bonehead" legislation which cut down the supervisors from forty-five to thirty-three, and shifted the care of the poor from the county to the townships, which were not given authority to provide poor funds until next April.

Several solutions have followed each other only to have the attorney general rule them out, and the net result is that there is talk of asking the governor for a special session to save the day and protect the poor, to say nothing of the job of the county physician and to keep open the poor house and the county hospital.

To date the only legal available means of solving the puzzle is to vote out the township organization with its supervisors, and provide a county government by three commissioners, if the governor does not see fit to call the legislature into extraordinary session to cure its "bonehead" legislation.

Examinations are being made to find the cost of supervisors' government, and the probable savings by eliminating the township organization. The official proceedings of the county board indicate that in the past the supervisors have been appropriating about \$8,000 for themselves.

Usually about \$4,000 yearly goes to them for committee work and around \$3,000 per diem regular fees for meetings together with some \$188 for mileage.

Three county commissioners would each receive \$5 per day and mileage and on the face of such a showing evidently there would be a material saving on such costs. That is the same rate for the thirty-three supervisors. The fees and salaries of the township officials have not been ascertained yet and so it is unknown what the saving would be by eliminating such officials and have the county officers take on this additional work. Some of the civic organizations are advocating a county manager.

It is being claimed that the new pauper legislation provides that in townships with over 4,000 inhabitants, the supervisors need not act as poor master but can appoint a third person; consequently, if a charitably disposed person can be mustered in, the current salary of some thousands of dollars may be dispensed with in order that the paupers may get this tax money instead of a supervisor acting as supervisor of the poor.

Taxpayers Should File Complaints Before August 10

Lake county taxpayers who wish to file complaints with the board of review should do so not later than August 10, according to announcement issued yesterday from the office of County Treasurer Jay B. Morse. When assessment lists were published for some of the towns in the western part of the county it was stated that complaints should be filed during July or August. This was an error, as it has been brought to the attention of the treasurer that August 10 is the last day for filing complaints.

Briefly Told
The work is never done while the power to work remains.

If some of the "city dads" make "good fellows" of themselves through wage increases, new and more jobs, will there really be any better public service for the taxpayers who pay the bills for these "good fellows"?

How many of the taxpayers who are expected to pay salary increases of police, firemen and other public servants are making even \$150 per month or year for that matter?

Why do certain interests appear so worried about public audits which organized taxpayers insist upon?

If a newspaper publisher wants to name an assessor, what interest does he really have?

Is the individual who causes you to be burdened with more or greater taxes fit to hold public office?

Are the supervisors going to give the taxpayers a moratorium while the doctors furnish free service to the poor at the county hospital?

"POWER TO TAX IS POWER TO DESTROY"

Roger Babson in Chicago American Urges Tax Cut

It for no other reason, William Randolph Hearst deserves the eternal thanks of taxpayers because every Friday he publishes in his Chicago American the articles of Roger W. Babson, whose article on a tax cut on July 24, 1931, merits a review by a farmers' journal devoted especially to tax matters.

Among the worthwhile statements by this great financial writer are the following:

"What the United States needs most of all is a moratorium on government expenditures and taxes."

"The power to tax is the power to destroy."

"If we consider business a nuisance, then all we need to do to wipe it out is to continue increasing the taxes upon it."

"No community can expect to attract new industries when its tax rate exceeds that of other communities of equal desirability."

"Of one thing I am sure, if we legislate government unemployment insurance or doles of any kind, we will make sure of continued unemployment, just as England has done."

"The same money put to work in regular business channels would provide far more employment to a far wider range of unemployed than the government can possibly provide."

The Lake County Taxpayers News a few weeks ago started a movement towards attending to American affairs and forgetting foreign.

Germany has been embalmed for at least one year in a moratorium and extension of short term credits and the American press can feature American problems of which there are a few which require the undivided attention of Congress and every legislature in the Union.

The reaction to the News movement was immediate and direct and now all over the United States the patriotic press is giving increasingly more space daily to strictly American business affairs to the end that unemployment shall be relieved and the affairs of the people in the United States shall be attended to by those who were elected to administer such affairs for the benefit of Americans rather than aliens.

J. HAM LEWIS SENDS COMMENT

"Democratic Whip" Says Article Is Splendid

Illinois's Democratic senator, James Hamilton Lewis, was among the large number to send comment on the Antioch News taxpayers' features this week. The senator's letter follows:

Chicago, Ill., July 23, 1931.

The Honorable
Editors of The Antioch News,
Antioch, Ill.

Dear Friends:

Please take my thanks for your flattering allusion to me and your compliment, as shown in your splendid article on the condition of the country.

Very sincerely,
J. HAMILTON LEWIS.

BARRINGTON DEMANDS A FOUR-YEAR AUDIT

Barrington has been added to the list of Lake county communities which are insisting upon a 4-year audit of public funds and the expenditure of the same. One lawyer was relieved already of his job.

The militant organized taxpayers in Waukegan keep up their pressure for a real audit of their municipal affairs, but there has been indications of strong opposition to such an audit. However, the majority of the council enjoy such public confidence that it is generally believed that Mayor Peterson will be 100 per cent successful in obtaining a complete honest audit, regardless of the consequences to any particular persons or interests.

It is claimed that valuable city records are missing in connection with the special assessments accounts.

\$7,000 Waukegan Township Moneys Impounded In Bank and Arms' Estate

Reports are current that the Waukegan township board gave its assessor, Charles Arms, \$7,000 shortly before he died, and that Mr. Arms deposited this to his own private account shortly before he died, with the result that the money is tied up in the closed Waukegan National bank.

The board has been having a hard time to finance the new assessor, Russ Alford, who is reported to have had only \$2,500 for his staff which has been working about as long as did Mr. Arms on the valuations for the next 4-year period.

The board has had no accounting from Mr. Arms for the \$7,000 advanced to him.

There is talk that a claim will be filed against the estate of the late Charles Arms.

U. S. PROSPERITY BASIS INDEPENDENT OF EUROPEAN DEALS

No Economic Advantage Is Gained By Muddling In European Affairs

MINDING OWN BUSINESS PAYS DIVIDENDS, HOYNE DECLARES

The Lake County Taxpayers News recently started a campaign for lifting the business depression by means of suppressing the aliens' propaganda to the effect that American prosperity is impossible unless the United States war loans to the Allies are cancelled, and by featuring American affairs in the American press. Probably the finest article yet written in the American press on concentrating attention on our affairs at home is in Hearst's Herald Examiner by Thomas Temple Hoyne, its financial editor.

All taxpayers who hope to get relief in the current depression should read what Mr. Hoyne says and then pass it along for others to digest. The depression would be lifted more quickly if such an article were broadcast daily over the radio and if many financial writers would take a leaf out of Mr. Hoyne's copy for prosperity.

Mr. Hoyne said in part:

"Prosperity bearing the trademark, 'Made in the U. S. A.', was the envy of most foreign nations two long years ago. It was a mystery beyond their understanding. Exports from this country made it somewhat excessive, but our prosperity was not fundamentally dependent on hands-across-the-sea relationships. This country, self-sufficient since its foundation, has today resources and population that ought to assure the quick return of good times."

"The United States can gain no economic advantage by muddling in European affairs. It will not even be accorded appreciation for altruistic motives. It would do better to concentrate attention on affairs at home and stimulate in every way possible the recovery of domestic business which already appears to have passed through the worst of the depression."

"European history for centuries has been a warning to the innocent bystander bent on peace-making to stick on the sidelines. This country can do Europe more good by keeping out of the latter's political wrangles and furnishing an example that peacefully minding one's own business pays the biggest dividends."

STIMSON STUMPED OVER HOOVER POLICY

Internationalists Stunned at Hint of Foreign Authority of Moratorium

Secretary of State Stimson was stumped in London because he could not recognize Hoover's plan to relieve Germany, and the American internationalists were stunned when the press announced that Hoover's plan was written by the British Premier MacDonald.

The Lake County Taxpayers News some time ago suggested a congressional investigation to learn who is who and what is what in the attempt to deadbeat the United States war loans to the Allies.

Germany threw a fit, but remained civilized while the American people did not fall for the fear-man of Communism for Germany.

A potential candidate for President on the Democratic ticket, Governor Ritchie of Maryland, eliminated himself recently from the race by declaring in outline for the reduction of the war loans by the United States and it now remains for Governor Roosevelt of New York to make known how he stands on the deadbeat schemes of the internationalists who fancy they can force Americans to make good aliens' defaults.

WORK IS AWAITING STATE'S ATTORNEY

\$24,000 May Be Recovered Into the County Treasury

Will \$19,030 be recovered into the county treasury on account of special lawyers' fees paid for collecting some \$35,812 back personal taxes during the years 1929 and 1930, is a burning question among militant organized taxpayers who now have before them the opinion of Attorney General Carlstrom to the effect that the collection of delinquent taxes by a private collector working on a commission basis is not permissible.

States Attorney A. V. Smith has been so advised but he has been in the hospital, and so it is not yet known what action will be taken to recover the money already disbursed in error.

It may be the attorney will volunteer to return the \$19,030 already paid him according to the proceedings of the supervisors, and drop the matters of the year 1931 concerning which the public has not yet been advised.

The taxpayers also have asked the states attorney to recover into the public treasury some \$5,000 paid to Supervisor Obeo for inspecting the construction of the addition to the court house.

How much more the taxpayers will be able to demand from other officials has not been revealed, but it is understood there is a careful study of the matters going on.

Colonel Smith has much to confront him when he returns to his office, because the Waukegan press indicates in its headlines that beer and slot machines are in the lake region, and recent raids of the sheriff's failed to stop the influx of Al Capone beer and slot machines, and that all resorts are wide open, according to report.

While certain taxpayers are trying to recover money into the county treasury, others are reported in Waukegan to be ready to refuse to pay taxes in the territory recently annexed to the city of Waukegan on the claim of no representation, no taxation.

REPUBLICAN LEADER SAYS PARTY MUST STAND FOR PEOPLE

Scores Political Profiteering in Letter to Antioch News

Unless the leaders of the Republican party stand squarely for the people and their interests, there is not a chance of victory for the G. O. P. at next year's elections, according to Senator Earl B. Searcy, Springfield man, present senator from the forty-fifth district, and for many years a prominent figure in Illinois political circles.

Writes Letter to News.

Senator Searcy strikes straight to the heart of conditions as they exist today in a letter to the Antioch News when he advises that "leaders begin to put more of statesmanship and less of financial profit into their leadership." Searcy is a staunch Republican. He is wise enough to know conditions, also honest and fearless in his denunciation of those who practice dishonesty in office.

Perhaps the senator was thinking of Lake county when he dictated his letter to the News, or perhaps he had a broader vision of the state at large, albeit the G. O. P. battle cry to voters three years ago was to "purge the great and glorious state of Illinois from the disgrace of having Len Small as governor."

Declares News' Articles Timely.
Springfield, Ill., July 23, 1931.

Editor of Antioch News,
Antioch, Ill.

Dear Friend:

I want to thank you for copy of your paper which reached me today. Aside from the kindly mention you gave me, I want to congratulate you on your "Think It Over" column. You have revealed a lot of correct information in some of the paragraphs and in very timely fashion. I am a strong Republican, but I know that the hand writing is on the wall unless our leaders begin to put more of statesmanship and less of financial profit into their leadership. I hope the party succeeds next year, but unless we stand squarely for the people and their interests, there is not a chance.

With cordial regards, I am,
Yours very truly,
EARL B. SEARCY,
State Senator,
45th District.

"Come, Get City Hall"

During one of the recent torrid dog days at the City Hall, His Honor blew in and peevishly asked an attaché, "Where is my electric fan?" and got the answer, "Mr. Keller just took it," he said he bought it.

Mayor Peterson snapped, "Keller bought this City Hall. Let him come and get it!"

In the building contracting circles, Mr. Peterson has long enjoyed a reputation of a quiet wit and rarely is one able to know whether he is serious or otherwise from his sharp cutting remarks which often start an oral riot, and then there is a good laugh all around.

The other night the Waukegan City Hall was left unlocked and so some are wondering if there is a general invitation to come and get it in parts—at least, the insides.

Evidently somebody has borrowed forever at least part of the contents of the Waukegan City Hall, because there has been a losing search for several days for several years of special assessment records, the absence of which is said to have handicapped the current audit.

There is much street talk to the effect that the late mayor, along with a new city official and an alderman are spending many evening hours at the Waukegan City Hall, and, consequently, many are wondering what next is the surprise for taxpayers.

A Thought—and a Warning
Birds may sing their hearts out, sties be blue or gray, the trees may blossom or be bare but the hog never looks upward and never cares—he keeps his snout buried in the ground.

CHRISTIAN SCIENCE CHURCHES

"Truth" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, July 26. The Golden Text was, "Thus saith the Lord: I am returned unto Zion, and will dwell in the midst of Jerusalem: and Jerusalem shall be called a city of truth; and the mountain of the Lord of hosts the holy mountain" (Zech. 8:3).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Beloved, I wish above all things that thou mayest prosper and be in health, no greater joy than to hear that my children walk in truth" (III John 1:2, 4).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Prayer cannot change the unalterable Truth, nor can prayer alone give us an understanding of Truth; but prayer, coupled with a fervent habitual desire to know and do the will of God, will bring us into all Truth" (p. 11).

Mr. and Mrs. Joe Bernbaum and Mrs. Frank Bernbaum, of Berwyn, Ill., were guests at the home of Mr. and Mrs. James Dunn Tuesday.

Dr. H. F. Beebe was called to Aurora Monday, by the serious illness of his aunt, Mrs. Amos Beebe.

Ray Webb was a Chicago visitor Tuesday.

Mrs. Oliver Soles has nearly recovered from a broken hip, which was injured three or four weeks ago.

Twenty-seven Chicago relatives and friends spent Sunday at the James Babor home at Bristol, in honor of St. Anne's Day. Mrs. Anne Babor and her daughter, Anna Babor Malek, received many lovely gifts.

Mr. and Mrs. Arthur Bock entertained Mr. and Mrs. Ben Burke and Dr. and Mrs. H. F. Beebe as dinner guests Tuesday evening.

Miss Patricia Kennedy and her guest, Miss Ewall Starr, spent Wednesday, Thursday and Friday of last week with the latter's parents in Chicago.

Mrs. Andrew Harrison was a guest at the home of Mr. and Mrs. Homer Stevens at Waukegan, from Tuesday to Saturday of last week.

Mr. and Mrs. Sam Gable, of Fortia, O., were dinner guests of their cousins, Dr. and Mrs. H. F. Beebe, Wednesday.

Joe and Joanne Solon, of Indianapolis, Ind., who have been spending some time with Miss Patricia Kennedy left Friday for Chicago, where they will make their home.

Mrs. L. R. Van Patten and two youngest sons left yesterday afternoon to visit John Cribb at Prairie du Chien, Wis., who was injured when he and his father were on their way to visit the late Mrs. Cribb at the hospital.

Charles Alvers has been entertaining his niece and husband, Mr. and Mrs. Alfred Knack, of Niagara Falls, and his nephew and wife, Mr. and Mrs. Howard Robinson and son, Chester, of Lockport, N. Y.

Robert Alvers, of Chicago, spent the week-end with his parents.

CARD OF THANKS

We wish to express our most sincere appreciation to our many friends for their sympathy and aid in our time of sorrow. And especially do we thank those who sent flowers and those who furnished cars.—J. K. Cribb and Family. (51c)

CHANNEL LAKE COUNTRY CLUB NEWS

The card party which was held at the Channel Lake country club last Saturday night was attended only by a small group, but the small groups always have a most delightful time. The prizes for the game were awarded to Mrs. L. R. Phillips, Mrs. J. E. Gorsuch, J. H. Sandell and C. W. Lafflin.

The usual Tuesday card party was attended by about twenty-five members and guests, and the high honors went to Mrs. L. H. Arms, Mrs. Mm. K. Gray, to Mrs. J. H. Sandell. Two card tournaments are being played this season, instead of one, and the first one was concluded this week, the lucky winners being Mrs. J. H. Sandell, first; Mrs. Ernest Brook, second; Mrs. Henry Paulsen, third; Mrs. Carl Gallauer, fourth; Mrs. W. W. Warriner, fifth; and Mrs. C. W. Lafflin, sixth. These tournaments include the best four out of five scores, and there being five Tuesdays in August the second tournament will be concluded before Labor Day.

The ladies' golf day last Thursday brought out the usual number of members and prizes were awarded for the best score on six blind holes, also the lowest number of putts on nine holes. Mrs. Henry Paulsen was the lucky winner on the six blind holes, and three ladies—Mrs. Mack, Mrs. Brook, and Mrs. Stevens—drew for the putting prize, Mrs. Brook being the successful winner, with nineteen putts.

This week Thursday is Guest Day on the course and the chairman, Mrs. Gray, reports a large number of reservations. Blind bogey will be played, and prizes given to both members and guests. Next week all players qualifying for the championship contest will begin the play-off.

Next Monday the ladies are asked to spend the day at the clubhouse and participate in a sewing and painting "bee" to help repair and replace some of the club equipment. Luncheon will be served at 50 cents a plate by the house matron, and reservations should be made in due season.

On Saturday night, August 9, will occur another dance, for which very special music has been engaged, which always insures a good time, and on Saturday, August 16, the first community dinner of the season will be held. Do not forget these dates. Further details will follow later.

John Cribb, 14, suffered a broken arm when the car driven by his father ran off the road and overturned in a ditch near Platteville, Wis., last Wednesday. They were on their way to Prairie du Chien, Wis., having received word that Mrs. Cribb was much worse. After receiving attention at the Platteville hospital, John was taken on to the hospital at Prairie du Chien. In the meantime, Mrs. Cribb had passed away at 4:02 a. m. Mr. Cribb accompanied the body home the same evening, and the funeral was held from the home and the church Saturday afternoon. Obituary details may be found elsewhere in this issue. John Jr. is doing as well as could be expected.

While J. J. Murphy, of 7814 Bennett avenue, Chicago, was bathing in Cedar lake Sunday, car thieves broke into his automobile and stole \$163, which he had left in his clothing. Forty-five dollars of the loss was cash, and a money order for \$18, a check for \$100, and a gold watch and chain comprised the loot. He found a door had been forced open. A description of the prowlers was given by a woman who saw it, and they are being sought by the sheriff.

Richard McCoy, 13, of Hyde Park boulevard, Chicago, who was a guest of the Brooks family at Sand Lake last week, while diving with several others Saturday afternoon struck his head on a stone and died at St. Theresa's hospital several hours later from the results of the accident. This is the first drowning at Sand Lake this year. The body was removed to his home in Chicago.

Miss Belle Richards, of Antioch, spent Tuesday of last week with Lake Villa friends.

Miss Viola Johnson, of Forest Park, is visiting at the home of her cousin, Karen Karolinson and wife, this week.

Mrs. Alice Spring, of Millburn, was a guest of her sister, Miss Mary Kerr, last Friday.

Miss Laura Carpenter, of Chicago, called on her aunt, Mrs. S. M. Sherwood, last Friday.

Fred Litchford, of Evanston, was out Saturday to attend the funeral of Mrs. John Cribb. Mr. Litchford was the guest of his sister-in-law, Miss Mary Kerr.

Miss Alice Pickett and Miss Alice Berg, of North Chicago, spent last Thursday with Mrs. Lester Hamlin.

Mr. and Mrs. H. Potter and Mrs. Ella Humphrey, of Waukegan, attended Mrs. Cribb's funeral Saturday.

Mrs. Charles Hamlin visited her mother, Mrs. Mary Kapple, at Grayslake, last Wednesday.

The next regular meeting of the East Fox Lake Cemetery society will be at the Monaville school house next Thursday evening. Members will please take notice.—Eva Atwell, Secretary.

Mr. and Mrs. Robert Ohm, of Chicago, spent Saturday and Sunday with Mr. and Mrs. J. A. Pederson.

Joe Petru and daughter, Bernice, came out from their home in Chicago, Friday night, to spend Saturday and Sunday with their cousin, Mrs. Fred Hamlin. Mr. Petru returned Sunday night to his home, but Bernice is staying for two weeks with Mrs. Hamlin.

Mrs. Abent, who has been living in Chicago, came out last Thursday to spend the remainder of the summer with her daughter, Mrs. J. A. Pederson. She was accompanied by Mrs. O'Mear and son, Harold, of Lake Forest. Mrs. Fleager and son, George, and George Kelly, of Chicago. The three young men are students at Mundelein seminary.

The Ladies' Aid society is holding its annual summer sale at the village park Friday and Saturday afternoon and evening of this week. You will find a good display of goods usually found at such places. Ice cream and cake will be served, and a food sale held Saturday afternoon.

Smashed Twelve Liquor Rings

Just like the Northwest Mounted, Owen P. McKenna, customs agent, and Thomas F. Finnegan, deputy collector of the port of Boston, always "get their men," schooners and other such things connected with rum running. During the last decade, it is estimated, a dozen big rum smuggling rings have been broken up by the quiet, efficient work of these officers. In the photograph, left to right, are W. W. A STORY OF PRIVATE INITIATIVE AND LOCAL CAPITAL

Chapter IX

NEW TECHNIQUE FOR AN OLD ART

THE world's famous chefs may all be men, but women cook most of the 350,000,000 meals served each year in the northern Illinois communities served by the Public Service Company. And they're meals to be proud of, too!

The art of roasting ham in a brown-sugar crust has been borrowed from the South. A recipe for feather-light angel food cake has been passed from one generation to the next. The secret of rolling out puff paste for apple pie was discovered in an old cook-book. These are tricks-of-the-trade most women know.

But during recent years, things have been happening in the kitchen. New ovens with automatic heat controls and automatic timers have made cooking less of a sleight-of-hand performance, more a science. There are electric beaters to mix batters better—in half the time, with one-tenth the effort. Mechanical refrigeration is coming into common use and with it a chance to cook with cold.

These are developments homemakers had no notion of a dozen years ago. They played no part in the kitchens where they learned their cooking lessons.

Since the new cookery is so intimately tied up with the electric and gas appliances the Public Service Company sponsors, the Company is offering a sort of post-graduate course in cooking to interested customers. Every day its Home Service Department is dramatizing the new kitchen in vivid, practical terms.

Last year, 100,000 women in northern Illinois attended the free schools the Company's Home Service Director and her staff of assistants staged. Some of the schools were held in huge auditoriums, were attended by 3,000

women—and men. Some were held in little church-parlors where not more than 50 people could be crowded in. Booklets brimming with recipes were distributed.

The Home Service Department does not confine its activities to meal preparation. It goes into the dining room and suggests attractive, proper table settings for any function. It goes into the home laundry and demonstrates improved methods for washing, drying and ironing clothes.

Every day letters come to the Department asking for advice—what to serve to a dinner party of eight—how to can spinach—how to iron men's shirts on a rotary iron—how to remove an ink stain from a linen table runner.

To keep up with new developments, the Company maintains an experimental kitchen. Here every recipe the Home Service Department recommends is thrice-tested. Here new ways of doing old things are evolved. Here the appliances offered for sale in Public Service Stores are used daily to determine their effectiveness.

The Public Service Company is not alone in pioneering the new kitchen. Newspapers and magazines are giving splendid assistance. But, because of its association with the appliances that are making the new era possible and its familiarity with the needs of customers, the Company is in a particularly good position to do a thorough, practical job of teaching the new home-lore. And it is proud of its opportunity to help women solve their home problems, to show them how they can make the best possible use of the gas and electricity they are buying.

HintsLIVING ROOM IS
REPRESENTATIVE
OF ENTIRE HOMEConvenience, Comfort, and
Dignity Combined in
Modern Rooms

For centuries, moderation in all things has been recognized as the ideal state, except for those few souls who find it impossible to conform to rules, or can afford to ignore them.

Interior decorating has undergone a change in America keeping pace with other changing conditions. Stiffness has been replaced by comfort and convenience in furniture pieces, rugs, curtains, pictures, lights, desks, and other minor decorations.

Rooms are an indication of certain traits of character possessed by those living in the house. Strangers often judge others by their first impression of the house.

The living room, particularly, comes in for more than its share of criticism, as callers often get no further through the house.

Formal Informality Ideal.

The above model of a living room combines hominess with dignity. A guest always enjoys himself more in a room that is homey, and not too formal. On the other hand, he is embarrassed if the room is too informal, untidy, with papers and cigarette ashes lying around, and too many indications of being thoroughly lived in.

As the living room is, in a sense, the reception room, modern decorators arrange the room so that it retains a certain amount of formality.

The furniture in the room above is arranged conveniently. The big comfortable settee with lights installed above one corner, the chair beside the table, on which a lamp may be placed, the big easy chair cozily set opposite the others, the large window and tasteful drapes, the fern basket, and the general appearance of the room makes it a model of dignified hominess.

AN ULTRA-SMART SUIT

Here is shown one of the smartest afternoon suits of the late summer season. It is of printed crepe stiffened slightly with bindings of a contrasting color in velvet.

The skirt with its flair from the waist line shows one of the newest treatments used to gain a feminine effect even in the more mannish suit realm. The waist is of the same pattern in a smaller, more delicate figure, and is made distinctive by the front piece with its little hanky of white or ivory.

The little jacket, of course, is what gives the ensemble its real charm, with its flair cuffs and clever front cut.

World's Language

Including dialects, it is estimated there are 6,760 named tongues and systems of writing. The actual number of languages recently computed by officers of the French academy is 2,700.

More Attractive Meals

Color Needed in Our
Meals, French Chefs
Say; How to Get It

FAMOUS chefs of France tell us that American cooking is good, but not "dressy" enough. They

say the appetite is whetted through the eye as well as through the palate; and they believe that color is as important as flavor.

There is much common sense in this viewpoint. Although "dressing up" food for art's sake may not be sufficient reason in itself, still it is a fact that food tastes best when it looks appetizing.

It is easy and inexpensive to add attractiveness to foods. Soups, for example, with a few toasted croutons, or a sprinkling of parsley, depending on the kind of soup, take on added delicacy.

Salads present probably the most opportunities for tasteful and tasty appearance. Even in the

winter months, when it is difficult to get green things into the menu and when fresh, colorful vegetables are not readily available, the housewife has a wide choice of salads made with flavored gelatins in several colors, and prepared with canned fruits and vegetables of many kinds and hues. It is easy, too, to make desserts attractive. Whipped cream, meringue, coconut, sauces, frostings and other decorative and tasty additions give an infinite variety of attractive touches.

But meats, unlike soups and salads and desserts, are regarded as difficult to dress up. Although the roast sucking pig, with the decorative red apple in his mouth, is not being served these days, we can still give the meat dish the simple touch that's like a ribbon on a party dress.

Pickles for Garnishes. Pickles, dill or sweet or mixed, or of the mustard variety, sliced or whole, are effective when served with meat on the same platter. Their greenery serves as an attractive garnish, and their piquant tastiness adds zest to the whole meal.

Another simple way to make meats attractive is to serve vegetables on the platter with them. Boiled potatoes, halved or quartered lengthwise and served with their rounded sides out, go well when they fence in a savory steak or roast.

Sweet potatoes, sliced lengthwise, make a good-looking dish flanking a slice of baked ham, or a ham roast. Cauliflower, parsnips, carrots, spinach, broccoli and other vegetables may be used in numberless similar ways to adorn the neglected meat dish.

Picnickers Demand
Satisfying FoodsOrdinary Picnic Lunch Is
Appetizing and Easily
Prepared

Nearly everyone delights in picnics on hot week-ends. A drive to some lake or woods, followed by a delicious picnic lunch is the pastime of thousands during the summer.

Picnics may be enjoyed by everyone in the party, and usually are, but there are times when mothers wonder hopelessly what to prepare for the next lunch that will be appetizing and different.

Food that is to be served at a picnic should survive transportation without change in flavor, texture or appearance. If possible, it is best if easily eaten with the fingers, but not necessary, as paper plates, napkins and forks and spoons solve the carrying problem without undue difficulty. Picnickers want food satisfying to an outdoor appetite, which provides the nourishment demanded by outdoor activities. Canned foods, such as sardines, peas, corn, salmon or potted meats are good served cold, directly from the can, although on a camping trip they may be heated.

Sandwiches, or barbecues, deviled or hard-boiled eggs, potato salad or molded fruit or vegetable salads, fruit, cakes or cookies, and a beverage will be sufficient for an ordinary picnic lunch.

Some "Outdoor" Recipes.

A Motor Trip Sandwich—Piquant Ham Sandwich: Spread between buttered bread the contents of a small can of deviled ham, one teaspoon chopped mustard pickles, one tablespoon chopped walnuts and one tablespoon mayonnaise.

Nut Bread Sandwiches—(This recipe will spread about thirty sandwiches.) Mash a package of cream cheese and cream with butter, adding enough to make mixture of proper consistency to spread. Cut nut bread into very thin slices and spread with mixture one of each pair of slices. Spread the other lightly with orange marmalade and combine the two.

Main Dish for Camping—Savory Baked Beans: Chop one onion, add one-half pound of hamburger steak, and brown in two tablespoons fat. Add one can tomato soup, one can of oven-baked beans and salt to taste. Heat thoroughly and serve plain or over slices of brown bread.

Deviled Eggs for Six.

6 hard cooked eggs

3 tablespoons minced sweet pepper

Salt and cayenne

6 tablespoons grated cream cheese

1 tablespoon melted butter

2 tablespoons lemon juice

Slice the eggs into halves lengthwise and carefully remove the yolks.

Work into a paste with minced peppers, seasonings, cheese, butter and lemon juice. Fill into the egg cavities.

Place two halves together and wrap each egg in oiled paper before packing into a lunch box or picnic hamper.

Rice Mold with Fruit.

Soak one-half envelope gelatin in one-fourth cup cold water ten minutes and dissolve by standing cup in hot water. Add one-half cup of any canned or fresh fruit juices at hand (cherry, cooked pineapple, raspberry, or strawberry are all good); one-half cup sugar and a few grains of salt to one cup cooked rice. Strain into this the dis-

solved gelatin and mix thoroughly. Cool slightly, add one cup whipped cream or milk. Turn into mold. Serve cold.

Banbury Tart.

(Serves eight or ten.)

1 cup chopped raisins

¾ cup sugar

3 tablespoons cracker crumbs

1 egg, beaten

1 tablespoon melted butter

½ teaspoon salt

Juice and rind of 1 lemon

Pastry or puff paste

Mix ingredients for filling in order given. Roll puff paste or flaky pastry one-eighth inch thick and cut in 3-inch squares. Put a teaspoon of the Banbury mixture in the center of each, wet edges of paste and fold to form a triangle. Prick several times, and bake.

Chocolate Cream Cakes.

1½ cups flour

¾ cup sugar

2 teaspoons baking powder

¼ teaspoon salt

½ - 2/3 cup milk

1 egg

No Drugs Better
Than Harmful Ones
Physician Advises

Babies are apt to become fussy and sick in hot weather, and the first thought of many mothers is to run to the medicine cabinet, take down some supposedly reliable remedy, and dose the child with it.

But what of these drugs? The old favorite, castor oil, should not be given to babies according to Dr. Ramsey, as it is a real irritant to the intestinal tract. Properly fed babies should never require cathartics except in cases of extreme illness.

Avoid Harmful Drugs.

Colic is another name for over-feeding and instead of relieving the infant with harmful drugs, which may contain tincture of opium, it is better to regulate the amount of food given the child.

Fever medicines Dr. Ramsey declares should not be given, except under the direction of a physician. He advises bathing with cool water as a safer means of lowering the temperature, which may have been caused by overfeeding, excessive heat and clothing, or an infection.

In cases of mild indigestion, it is best to see that the child is receiving the proper combination of foods, with sufficient roughage, and not too many sweets. A simple cathartic, such as milk of magnesia, has been found helpful for acute indigestion or infection.

Some Drugs Helpful.

Dr. Ramsey recommends iodine or mercurchrome for skin abrasions, iron for simple anaemia, quinine for preventing and treating malaria, and syrup of ipecac for spasmodic croup. Bronchitis or infections of the air passages may be treated by inhaling steam to which is added a teaspoonful of tincture of benzoin to a quart of water.

Diluted alcohol or aromatic spirits of ammonia are useful as a prompt stimulant in cases of fainting or after long exposure.

Medicines put in a baby's nose to keep it clear or to prevent or cure a cold irritate the nose, if used continuously.

4 tablespoons shortening

1 teaspoon vanilla extract

1½ oz. unsweetened chocolate

Sift dry ingredients together. Add beaten egg to milk and add to dry ingredients; mix to smooth batter. Melt shortening and chocolate together and add with vanilla. Bake in small greased tin in moderate oven (375 degrees F.) fifteen minutes. Cool. Cut each in half crosswise; spread lower halves with layer of sweetened whipped cream; replace tops of cakes and cover with chocolate icing. This recipe makes twelve cakes.

Ginger Sorbet.

(Serves sixteen.)

½ pound candied ginger

2 quarts water

2 cups sugar

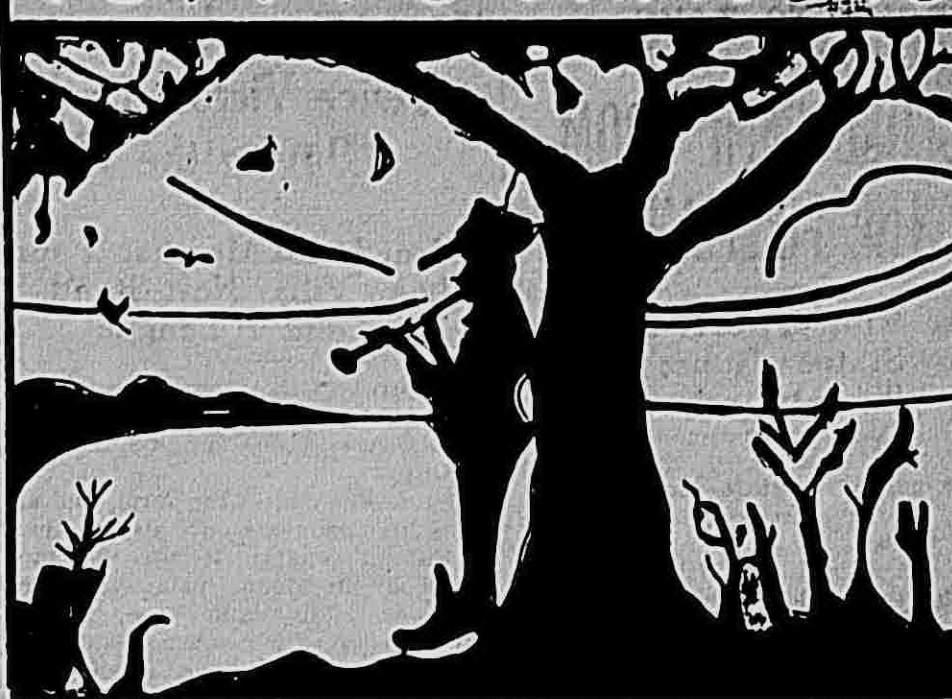

1 cup lemon juice

Juice of 4 oranges

Crushed ice or ice water

Chop the ginger fine, add it to the water and sugar and boil for fifteen minutes. Cool, and add water to make ten cups of liquid. Add the fruit juices and serve in glasses half filled with crushed ice or diluted with ice water.

TOPPY'S TRAVELS

Synopsis: Toppo leaves home to follow his canary. After many adventures, Mr. Frog and Toppo, the dewdrop, cause the Cushions to fight the Pillows, who have invaded the land of the Cloud-Queen. However, the Pillows seem to be winning from the Cushions, so Toppo trains an army of the Cloud-people. Mr. Frog reports that they may make an attack soon. Continue the story—

After Mr. Frog had gone, Toppo called a meeting of the soldiers and told them to be ready at a minute's notice. When they heard that the falcon could not escape, and that Toppo was staying with him, they wanted to leave at once to rescue them.

"Poor little Toppo! He must be worn out," said the Cloud-soldiers. They all loved the brave little dewdrop.

Toppo longed to see the Cloud-Queen, and tell her not to lose hope, that at last he was going to do something to save her. The soldiers shared this wish, and were impatient for action.

Toppo did his best to control them by keeping them busy with drill, but he feared that if Mr. Frog did not return very soon, they would leave for the land of the Cushions in spite of him.

Finally Mr. Frog did come back, telling them that it was time to go. The soldiers joyfully fell into line, and silently marched out of Mist valley.

"Is there any danger of the Pillows near here finding us, and reporting?" asked Toppo.

"We will have to keep a sharp lookout," Mr. Frog cautioned. "We had better send some Fog scouts ahead."

Toppo selected a number of the sharpest Fog scouts and commanded them to watch carefully for any Pillows.

Once one of the scouts came hurrying back, saying that Pillow guards were ahead. Toppo ordered all the soldiers to find hiding places and stay quietly until he gave the signal to continue. The Cloud-soldiers spread themselves flat against the ground, or hid beneath the leaves and bushes.

"I wonder when we will get out of

here?" muttered Mr. Frog. "Time is precious. Why doesn't that scout come back?"

When the scout did return, it was with bad news. "The Pillows are headed straight this way and there are quite a number. They are certain to discover us. What shall we do?"

"Spread the word that as soon as they top the hill, we must surround and attack them, and drive them into the court of the Cushions. The war is on. There is no turning back nor halting now. We must keep going to the bitter end."

"Yes, sir," the scout saluted, and stole away to impart the message.

By the faint rustlings which came to his ears, Toppo knew that his soldiers were ready to go on with the battle to save their country.

As the Pillows came over the hill, Toppo cried softly, "On, on to save your Queen and country," and rushed forward to attack the enemy.

MERCHANTS TAKE CLOSE GAME FROM THE FIREMAN TEAM

Lake Villa Dwarfs Firemen
by Sixteen Runs; Win
Twenty to Four

After a hard-played thriller that was a perfect slugfest, the Merchants defeated the Firemen Monday evening, 22-20.

At the end of the fifth inning the Merchants led, 9-5. Something broke loose in the sixth, with both teams making as many runs as they do in an ordinary entire game. The Firemen scored seven runs, but were outdone by the Merchants with nine runs, which sent them farther into the lead. However, the Firemen made a brilliant rally in the ninth, panning six runs, but at the end of the game they still lagged by two points.

Although everyone was hitting in all directions, Willett, Chinn and Nabor hit the most for the Merchants and Vos, Peterson and Bown, for the Firemen.

Runs by Innings:
MERCHANTS 450 000 022—22
FIREMEN 221 007 026—20

Firemen Bow Before Lake Villa.

Lake Villa swamped the Firemen in a 7-inning game last Thursday, 20-4. At the end of the second inning, neither team had scored, but the Lake Villa boys went on a hitting rampage in the next two innings, scoring six runs in the third inning, and seven in the fourth.

Runs by Innings:
LAKE VILLA 006 730 4**—20
FIREMEN 000 101 2**—4

Lake Villa Heads League.

Lake Villa still retains the lead in this league, with the Moose trailing by one game.

Moose Team is Twice Victorious During the Week

Defeat Local Merchants and
Lake Villa; Now Stand
Second in League

The strong Lake Villa baseball team went down in defeat before the Antioch Moose by one run, 4-3, Monday evening.

Shunneson was in top form, and allowed his opponents only six hits during the entire game. He was well-supported by his team, particularly by Strahmer, Halling and Lasco in the outfield, each of whom made a double play. Lasco made one spectacular catch, resulting in making a double out, unassisted. Halling and Shunneson each were walked.

Zenor and Dixon were Lake Villa's hard hitters. Although nicked for twelve hits, Teedle, the pitcher, was well-supported by his fielders, who played the game without an error.

Score by Innings:

LAKE VILLA 100 110 000—3
MOOSE 300 001 004—4

Win from Merchants.

The Moose were also victorious in their game with the Merchants Thursday afternoon. They easily took the game, 11-4, with only one error to blemish their record. The Merchants were quick to take advantage of this error, and bunched all their runs in the fourth inning.

Four strike-outs were made by the Merchants and none by the Moose. Shunneson allowed eight hits and three walks, while Chinn allowed twelve hits, but only one walk. The Merchants were held back by a number of errors.

Runs by Innings:
MERCHANTS 000 400 000—4
MOOSE 014 112 02**—11

Movie Men Are Coming to Antioch

All Present at Twin Lakes
Ballroom August 3, 4, 5
to Be "Shot"

The Twin Lakes ballroom is to be transformed into a movie studio on the nights of August 3, 4 and 5, when thousands of local people and vacationists are expected to be present and included in the picture.

Dancing will go on as usual, while the cameras and lighting equipment for taking the pictures will be arranged outside the railing of the dance floor. This mammoth cinema production is to be taken under the direction of Professor Cudia, with the lake region as the scene and thousands of local people, as well as some of their favorite movie stars as members of the cast.

All who have dreamed of witnessing the filming of a new picture, with all the attendant excitement, bright lights, whirl of cameras, make-up, acting, and shouts of movie directors, will realize their ambition. Actual comedies and thrilling scenes will be enacted before their eyes.

Manager Carl E. Rademacher has announced that the films are to be shown a week after they are taken, after which they will become his property.

LAKE COUNTY Farm Bureau NEWS NOTES

4-H Club and Farmers Picnic.

The 4-H club and farmers picnic, sponsored by the Lake County Pure Milk association and the Lake County Farm Bureau, will be held at the Public Service Model Farm Wednesday, August 12. This will be the 4-H club Achievement Day, when the boys' 4-H clubs will have over eighty calves, seventy-five pigs, thirty sheep and several hundred chickens on display. The girls' sewing club will have their garments on exhibit also.

Judging the boys' livestock will start at 9 a. m. Standard Time. There will be games, horse shoe pitching contest, baseball games, races, catching the greased pig, and entertainment for everyone, with dancing in the evening.

There will be two special men on the grounds that day, the Mystery Man, and Mr. Televox, the electrical man. When the Mystery Man arrives it will be announced that he is on the grounds. The first person who introduces himself by saying, "My name is —; you are the Mystery Man" will receive \$5. This Mystery Man may be bow-legged, pigeon-toed, knock-kneed, but one thing is certain, he is known by practically everyone in Lake county.

He is very much interested in farmers' problems and farm organizations and lives in Lake county. He does not live in the lake shore townships. This contest is not open to Farm Bureau or Farm Supply Company employees and their families.

Mr. Televox will be on display several times throughout the day. He will milk cows, sweep the floors, grind feed and do a score of other useful chores on the farm.

FIREMEN PUT OUT TWO GRASS FIRES

A grass fire which raged over twenty-five acres of land in Weeden's subdivision at Grass lake, threatening to destroy nearby cottages was extinguished by the Antioch volunteer fire department this afternoon.

The department answered a call yesterday before noon to extinguish a grass fire at Channel lake.

GRAYSLAKE NEWS

A group of about fifty relatives and friends gathered at the home of Miss Anna Gleason last Sunday and enjoyed a picnic dinner. The guests were from Chicago, Evanston, Waukegan, Libertyville, Salem and Kenosha.

SIX-CYLINDER CARS NOW MORE POPULAR THAN 4S

Chevrolet Takes First Place
in Sales for First Five
Months of 1931

Shifting of favor among low-priced passenger car buyers from four to six cylinder automobiles is definitely indicated by registration figures for the year to date now appearing in leading automotive trade magazines.

Complete returns for the first five months of the year reveal leadership in passenger car sales having gone to a six, Chevrolet having titled 303,110 cars in the period as against the 292,774 fours titled by the largest four cylinder car manufacturer.

The trend is significant in that 1931 is the first year to see a six cylinder car leading all other makes. Although Chevrolet also occupied first place in registrations several years ago the record then was made with the old four cylinder Chevrolet before the change over to a six.

The month by month margin of 10,000 cars by which Chevrolet led the runner-up this year was widest during May, when Chevrolet titled 4,600 more passenger cars than the leading four May registrations are further interesting in that Chevrolet titled only 1,000 less cars than in the same month of 1930.

During the first five months this year, Chevrolet titled 303,110 cars compared with 333,174 for the same five months of last year which were regarded as normal. The drop of less than 10 per cent compares with a comparable drop for the industry generally of about 30 per cent.

Indications of a general pick-up in retail buying as it affects Chevrolets are contained in a comparison of registrations for May with the same month last year. Gains are recorded in the far West, New England, the Southeast from North Carolina to Florida, the mid-East in New York state, Pennsylvania, New Jersey and Maryland, and the mid-West, notably Indiana and Michigan.

ONE OF McELROY BROS. TO TEACH BAND IN ANTIOCH

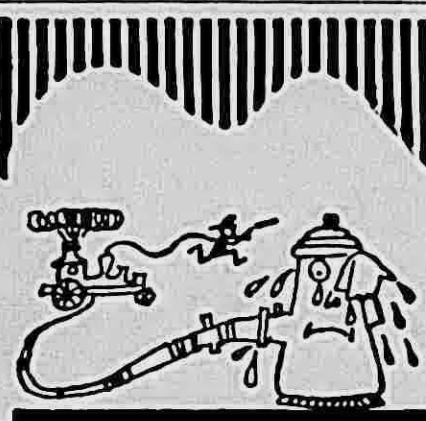

David McElroy one of the famous McElroy Brothers who captured second honors in the saxophone division of the Chicagoand music festival last year, announces this week that he will be in Antioch every Thursday to give instruction in band instruments and piano. He will be assisted by Miss Ellen, an experienced instructor in banjo and voice.

The McElroy Brothers have just finished a contract with WTMJ, and are now opening a studio in the Genesee theatre building in Waukegan, where they will give private instrumental instruction. They will be joined by their father, George McElroy, to whom much of their success is due. One son John, distinguished himself by taking first place in the solo sax division in the Chicagoand music festival last year.

Registration for Antioch students will be held from 2 until 6 p. m. Daylight Saving Time, Saturday afternoon at the Guild hall. Information will be given all inquirers without obligation.

GO NEAR

BLACK DOG OF BOO-BOO ISLAND

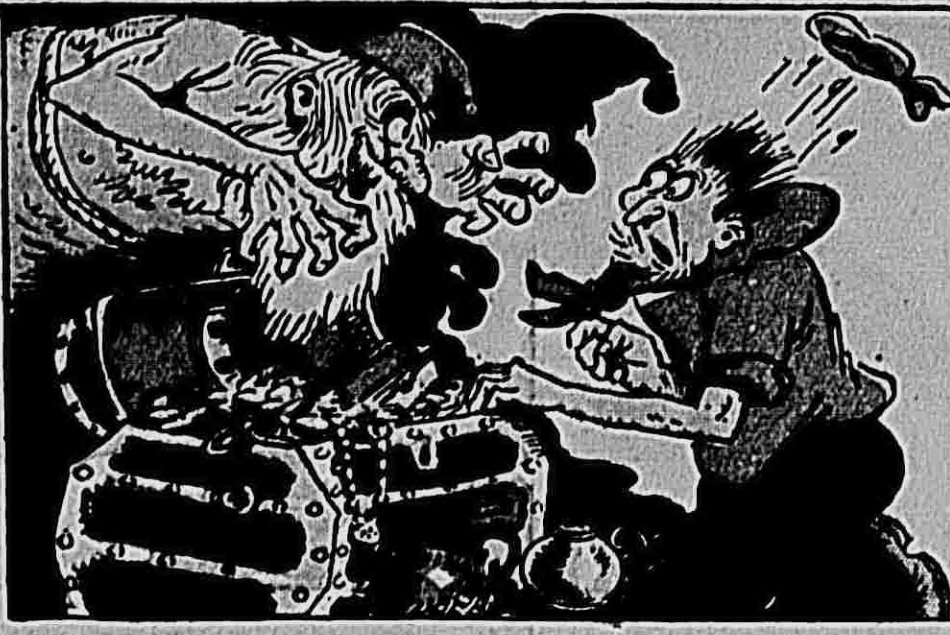

In my last yarn I told you how Wick-Wick, th' native on Boo-Boo Island, guided us to th' house of a strange old white man.

When we were close to th' house I halted th' old feller. He looked at me, told me to sit down, and all at once he yelled: "I'm Black Dog, Morgan's right-hand man, blast me if I ain't!" I was so surprised I almost keeled off th' stool I was sittin' on. Then I kinda blinked and took a good look at th' boy, for Henry Morgan was a pirate of th' old days, and this man looked as though he was a hundred years old, or more. I nearly fell off th' stool again when he yelled that Morgan and he, with their crews of pirates, had captured ship-loads of treasure, hiding it on that

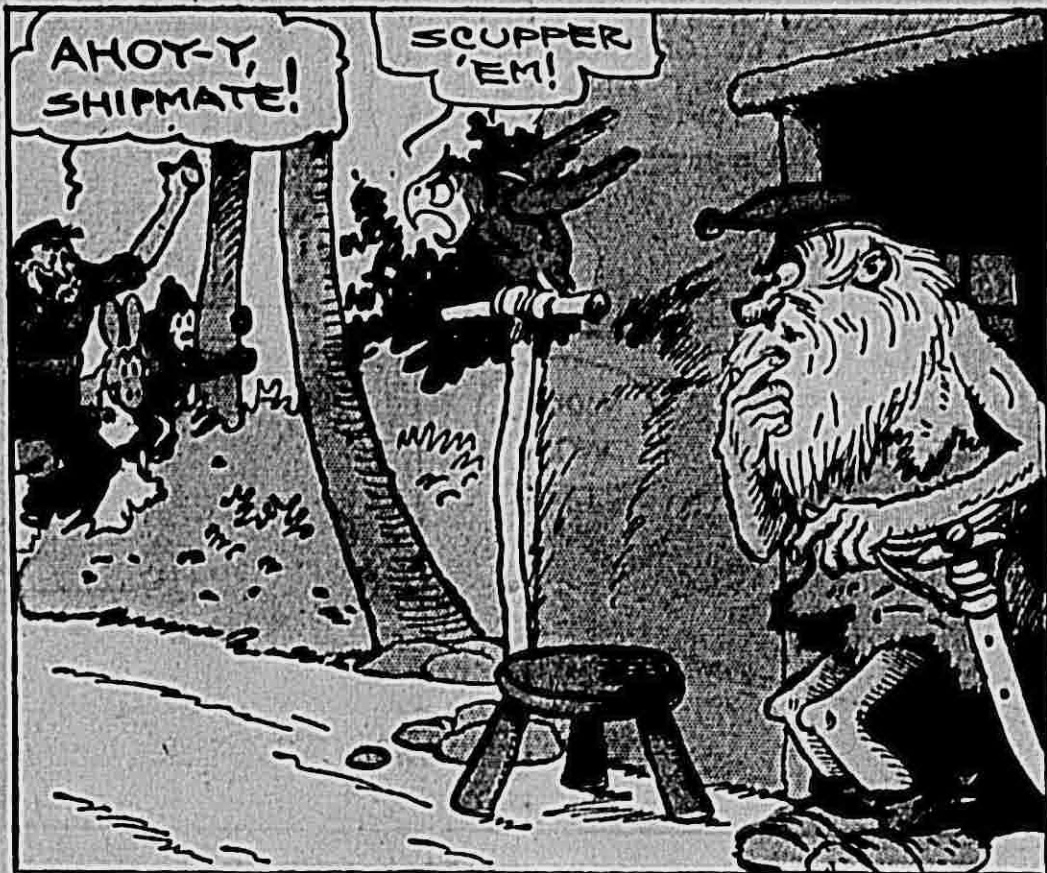

island, and that he was now guardin' it.

After a sly look around he told us to follow him. When we were deep in th' thick jungle he pointed to a house built of stout logs and whispered that inside th' house was a chest of gold doubloons and jewels. Then he told us to go inside and have a look at 'em. Well s'r, I was that excited, thinkin' about th' treasure, that I kinda forgot for th' time how strange th' old feller had acted. So Singoot, Kangy, and I stepped inside. While we were standin' there, lookin' around in th' gloom, wonderin' where th' chest was, BANG!, th' heavy door slammed shut and we were prisoners.

In my next yarn you'll find out what happened.
